

PowerPoint

Fall 2013

Good PowerPoint Slides

- Readability
 - for everyone in the room
 - colors
 - font sizes
- Concise
 - no sentences
 - don't distract your audience
- Black & White is fine
 - add a splash of color!

Possible Slide Design

- White on Blue (32 point font)
 - Bitstream Vera Sans
 - 32 point font
 - sub bullets: 28 point font
- Times New Roman
 - same size font
- Verdana
 - same size font
 - **bold**

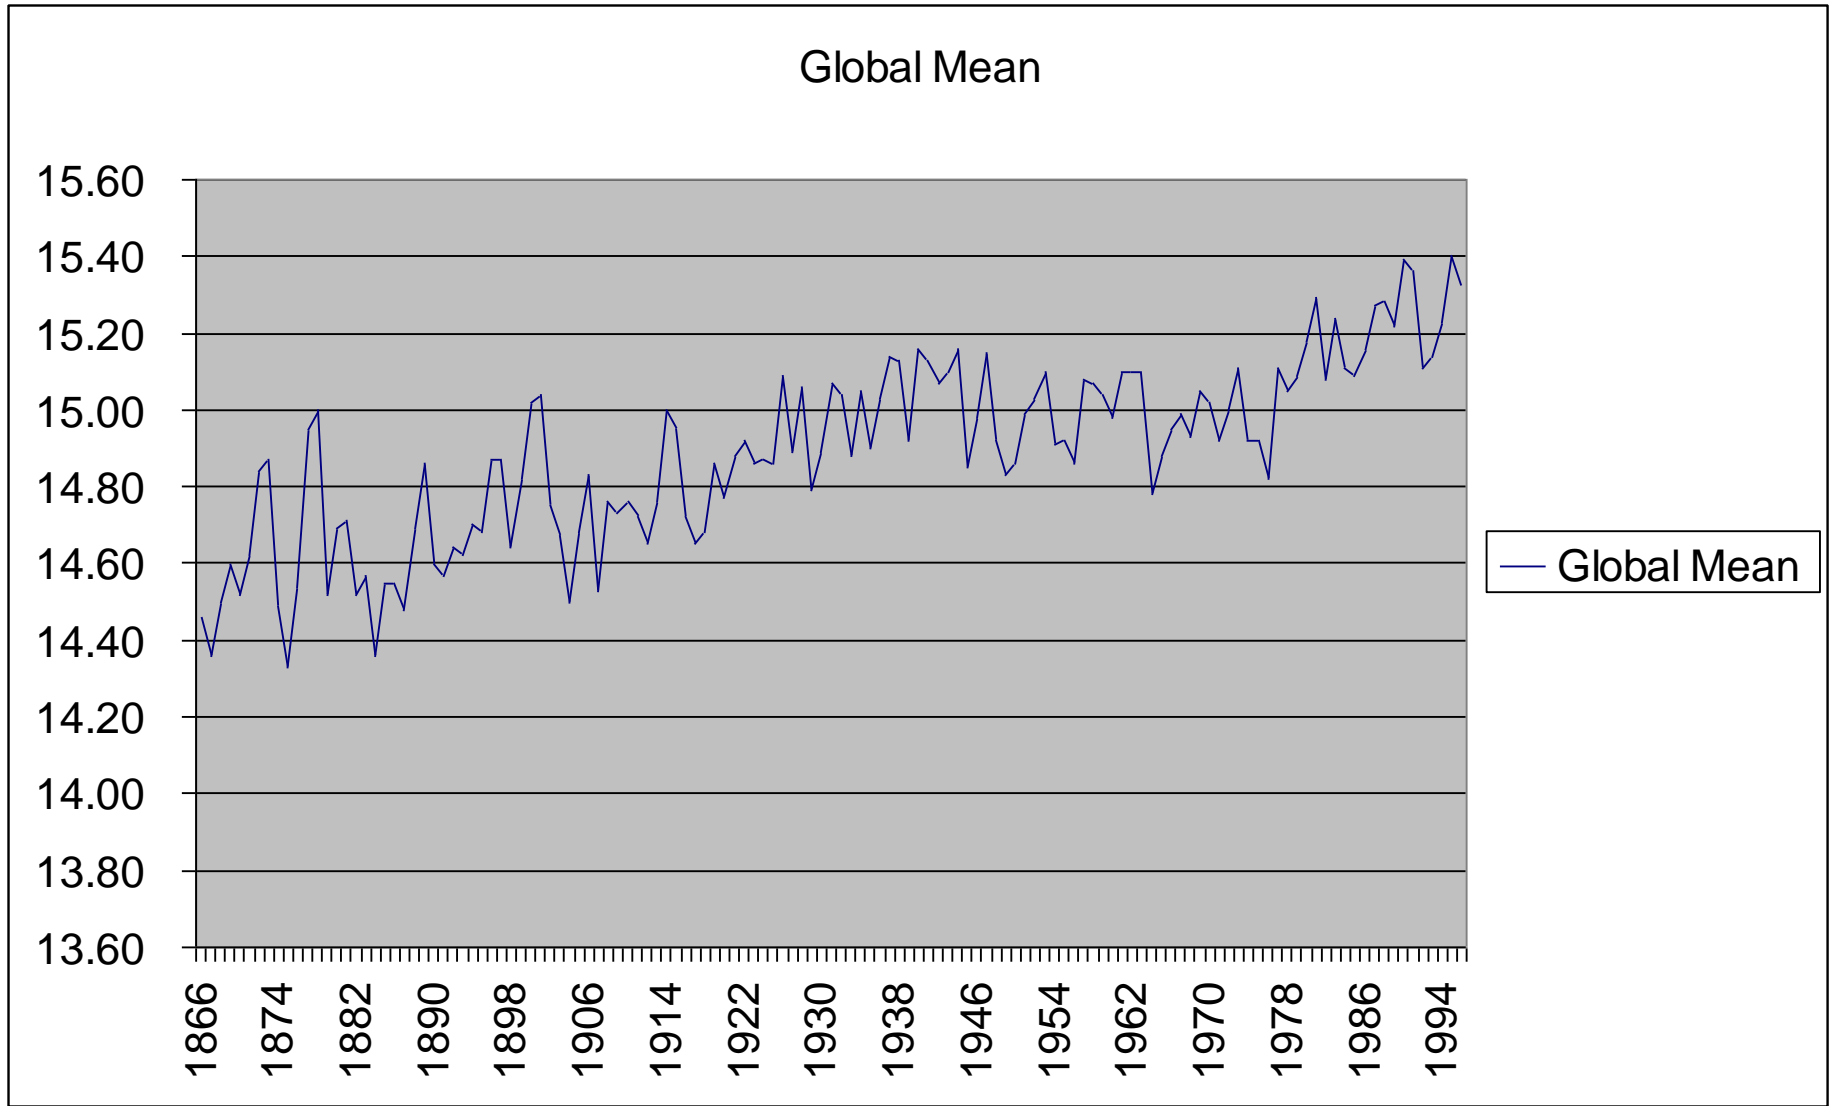

How readable is
this slide? (18 point)

Possible Slide Design

- White on Gray (32 point font)
 - Bitstream Vera Sans
 - 32 point font
 - sub bullets: 28 point font
- Times New Roman
 - same size font
- Verdana
 - same size font
 - **bold**

How readable is
this slide? (18 point)

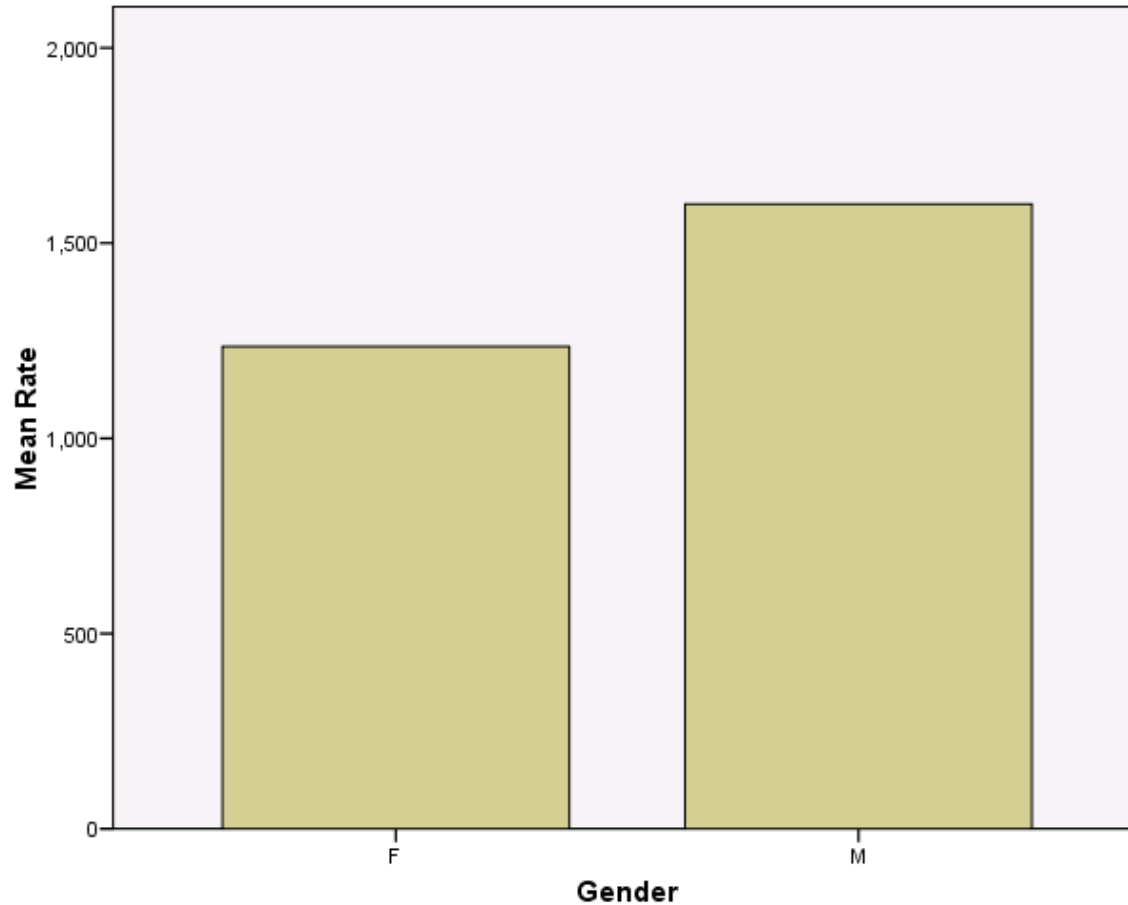

Graphs!

SPSS Data

Group Statistics

| | Gender | N | Mean | Std. Deviation | Std. Error Mean |
|------|--------|----|---------|----------------|--------------------|
| Rate | M | 7 | 1600.00 | 189.240 | 71.526 |
| | F | 12 | 1235.08 | 188.283 | 54.353 |

Practice

- Create a PowerPoint Presentation (PUNetID_PPT)
 - title slide
 - definition of data
 - graphs
 - conclusions
- Get data (LipidData):
 - Are Triglycerides and %ideal body weight correlated?
 - Do men and woman have different mean HDL?
- Put in the Drop Box when you are done
