For Thursday:

Read chapter 19 through 19.4.1.
A Key is a Primary Key
be sure to review the definitions for Super Key and Candidate Key

Data for Assignment 1
Data from the customer is usually bad.

Uses has a bad line. Delete the later conflicting line.
There are too many Clients. Import all Clients.

BONUS QUERY
a) List all clients (ClientID, Fname, Lname) who are not in the Uses Table.

b) Write a Delete query to remove all the clients found above.
